

Hello !

I am sorry but Diary of a French PUA 2 is no longer available at this address.

In fact, the fact of putting this diary in free access made it was referenced on Google and that it made a duplicated contents (because the stories are always available for free on the blog in the form of articles).

So, I had to remove it and put it on my shop.

Click on the link to read [Diary of a French PUA 2](#).

Thank you for your understanding !
