

Yo!

The collection of my articles 2016 is no longer available at this address. Sorry.

The thing is that giving this collection of articles did that there was duplicate content on my site and Google does not like it. So, not to be penalized in the search engine, I put it on the shop.

You can access it for the symbolic price of €1. In fact, I sell my collections 2014, 2015 and 2016 for €3 or to say it other way €1 each.

Click to access the [collection of articles 2016](#) !

The articles that form this collection are of course still and always freely available in the form of articles on the blog ... ;)
